

EDGE Learning – Governing Charter

Approved last by Governance 10/10/25

Purpose

The University of Arizona EDGE Learning Governance Group provides strategic oversight of the EDGE Learning Management System (LMS) including business processes, content, and integration points. We strive to promote institutional excellence by ensuring system alignment with the strategic imperatives and direction of the University.

Mission

Our governance practices are grounded in understanding the evolving needs of the people who use the EDGE Learning system. We foster ethical professional practices and growth for the entire University community. We continuously work toward building a culture of learning that values users and prioritizes their ongoing development, growth, and engagement.

Responsibilities

- 1. Prioritize positive user experiences.
- 2. Establish and oversee system conventions and standards.
- 3. Assess and communicate progress, accomplishments, challenges, and other metrics to ensure transparency, awareness, use, and support for EDGE Learning across the University.
- 4. Review and prioritize requests as needed for content, new features, reporting, and competing campus projects and priorities.
- 5. Review EDGE Learning Governance structure effectiveness, Cornerstone strategic direction, and this charter on an annual basis.

Membership

Memberships are done by nominations of representative areas below with the exception of the Learning Administrators (LA) seat which is determined by the LAs and are appointed on a two-year basis with annual commitments of reappointments July-September.

EDGE Governance Group Membership

HR Sponsor *

UITS Sponsor *

Product Owner

Data Steward (if different from Product Owner)

System Administrator

Business Affairs

Research

Compliance

Faculty Representative

Staff Representative

Student Representative

UAIR Representative

Learning Administrator Representative

*Voting required for representative or delegate.

Decisions

Approval of decisions needs quorum of 7 at the current 13 voting representatives and majority vote. If a governance member themselves is presenting a business case they should abstain from a vote.

Meetings

- Governance meetings will occur monthly and may move to quarterly as deemed appropriate.
 Governance business, meeting agendas and notes, and EDGE Learning roadmap are housed in the
 Governance Channel>EDGE Learning Teams site.
- Standing agenda items:
 - o Status of projects and timelines
 - o Learning Administrator Interest Group updates and/or concerns
 - o Service Requests & Features
 - o Communications
 - o Review monthly system metrics
 - Upcoming topic priorities (such as user access levels and request processes, roles, standards for content, standards for department admin training)

Roster and Responsibilities of Membership

All roles support and uphold the Governance charter to prioritize system and user needs and health.
